Тема: ECR 2019 - Help us spread the word! Message from Prof. Derchi

Dear Dr. Abelskaya,

I am writing to you in your capacity as president of the Belarusian Society of Radiologists regarding the upcoming [European Congress of Radiology – ECR 2019](#), which will be held in the beautiful city of Vienna from February 27 to March 3.

To me, the active involvement of professionals from Belarus is very important.

Having people and contributions from many countries is of utmost importance for the dialogue in our radiological community and the spirit of the ECR. I therefore reach out to you to ask you for your precious help in promoting the ECR abstract submission.

A high number of abstracts, and subsequently presenters, at ECR from your country will allow the Belarusian Society of Radiologists to stand out and for your individual members to enhance their CVs. Therefore, I would ask you to encourage your colleagues to 'be part of the bigger picture' and submit their work by October 10.

Please find attached the ECR 2019 poster, which you are more than welcome to publish, together with the abstract submission link (<https://www.myesr.org/congress/abstract-submission>), on your society's website, social media channels and wherever you deem appropriate.

I cordially thank you for your help in spreading the word, and I would be delighted to receive many abstracts and see many colleagues from your country in Vienna!

With best personal regards,

Lorenzo Derchi

Prof. Lorenzo E. Derchi

ESR President, Chairman of the ECR 2019 Programme Planning Committee
